2. Mission Statement
  - a. The Office of Student Living and Campus Engagement provides services, entertainment, education and opportunities that will enrich students' residential and co-curricular experiences at Utica University. Through social and educational efforts, the office impacts student persistence while developing individuals that will make meaningful contributions to Utica University and their future communities.
3. Values Statement
  - a. The office empowers students and paraprofessional staff to learn about leadership, diversity, advocacy, and civic responsibility in order to apply these skills to the communities in which they belong to.
4. Educational Priority Statement:
  - a. The Educational Priority within our residential community is to prepare students to become responsible citizens in their current and future communities through holistic development and engagement in life-long learning.
5. Learning Goals
  - a. Learning Goal 1: Students will develop interpersonal skills in order to participate and peacefully coexist in a living community that celebrates individuality and expression.
  - b. Learning Goal 2: Students will understand the value of diversity, equity, inclusion, and belonging, and its impact on the identity of individuals and communities.
  - c. Learning Goal 3: Students will showcase skills essential for continuous learning and autonomous living.
  - d. Learning Goal 4: Students will develop skills and techniques to value the importance of holistic wellness and its impact on individual and collective communities.
6. University Housing Policy
  - a. Utica's goal is to offer students diversity in housing while maintaining the University's resident student population at a level that permits Utica University to maximize student services. The following housing policies have been adopted to achieve that aim. Under normal circumstances, these policies will be respected in the assignment of residence hall space:
    - i. Housing assignments for returning residential students are processed on a seniority basis by academic class standing. The schedule for housing is established by the Student Living and Campus Engagement Office. All returning residential students may apply for housing during the identified housing selection periods.
    - ii. Returning students may apply to the University's suite-style buildings Boehlert and Alumni Halls, cluster style buildings or Bell and Tower Halls, in groups. Rising Junior, Senior, and/or Graduate students may apply to live in Pioneer Village, Utica University's apartment complex in groups. Selection is based not only on a seniority basis, but also on academic performance and disciplinary history. A limited number of single rooms are available in North and South Hall Complexes.

Each of these accommodations will be assigned on a seniority basis. Double occupancy rooms are the most common housing accommodations available at Utica University.

- iii. When a vacancy occurs in an apartment, in a suite, or in a double room, a student has the following options:
  - 1. The Student Living and Campus Engagement (SLCE) Office will assign or assist the student in finding a compatible roommate to fill the vacancy.
  - 2. The student may move to another room to fill an existing vacancy.
- iv. Exceptions to the above procedures may be granted by the Assistant Director of Housing Operations or Executive Director of Student Living.
- v. Students desiring to withdraw from the University's student housing must give notice of their intent to withdraw to the University's SLCE Office by filling out the Residence Hall Contract Release Form for the respective semester. Notice of withdrawal must be given no less than seven days prior to the intended withdrawal date. Housing contracts are binding for an entire academic year. Exemptions are granted by the Executive Director of Student Living.

**b. Residency Requirement**

- i. Room and board are contracted for two semesters except for students who meet specific criteria for a Spring Semester Residence Hall Contract release. All incoming first-year students are required to live in University residence for their first two years, unless residing at home with their legal parent or guardian who live within a 30 mile driving distance. All transfer students are required to have lived on a campus for 4 semesters or be 21 years of age by August 1 of their incoming academic semester. This means incoming second year transfers are required to reside on campus unless residing at home with their legal parent or guardian.
- c. Students who live in the residence halls are required to contract for both room and board.
- d. Students who reside on campus beyond the second week remain responsible for the payment of all room and board fees until the end of the occupancy term.
- e. The University reserves all rights concerning assignment of rooms, termination of occupancy, and the alteration of charges when necessary. The Assistant Director of Housing Operations assigns new students' rooms based on the MooseMatch system, an online network designed to assist first-year students in finding roommates.

**7. Eligibility for Student Housing**

- a. In order to be eligible to occupy and remain a resident in the residence halls, the following requirements must be met:
  - i. The Student must be enrolled and registered as a full-time on-ground student, in good academic standing at the University. At the discretion of the University, students may be approved as an exception to this policy. Any exception request should be directed to the Office of Student Living and Campus Engagement.
- b. The Student must not violate the terms of the Housing Contract or Residential Student Handbook, and/or engage in conduct prohibited by the Student Code of Conduct published by the University, nor any other and further rules and regulations established by the University which shall be published and made generally available by the University from time to time and shall be enforceable upon the Student upon such publication, including, but not limited to, Student Living Policies and Procedures.
